

HOLLINGER'S KANGAROO HAS FOUND NURSE

"Bennie," Supervisor Benjamin Franklin Hollinger's kangaroo protegee, is being well cared for, kind friends having donated to the assistance of the poor little thing.

Yesterday it was reported that the Australian animal Mr. Hollinger had purchased for the city was starving because Hollinger's appropriation included only \$15 for the purchase, but nothing for food and milk and a trained nurse, which are needed, "Bennie" being but an infant animal.

It was announced by no other than Mayor Lane today that there is no immediate danger of "Bennie" suffering for lack of skilled medical attention.

"One of the best nurses in this town, who has recently served with the maternity home, is Mrs. Jack Mahalelua, wife of the caretaker of Kapiolani park," says the mayor, "and she is a right good nurse, too. It was just last night that a soldier climbed a coconut tree in the park and fell, getting many bruises and minor injuries. He was taken to Mrs. Mahalelua's home and she nursed him until the ambulance came and took the soldier to Fort Shafter hospital. The hospital authorities were highly pleased. So you see, Supervisor B. Franklin Hollinger's pet does not lack attention."

Personal Mention

CHARLES DESKY has completed a business trip to Hawaii. He returned in the steamer Mauna Kea today.

ALONZO GARTLEY is back from inspection tour of the C. Brewer plantations on Hawaii. He was a passenger in the steamer Mauna Kea.

GEORGE F. HENSHALL, editor of the Hilo Tribune, paid a flying visit to the capital today in the steamer Mauna Kea. He will return to the Crescent City this afternoon.

WILL WAYNE, claim agent for the territory, is the first member of the superintendent of public works' staff to move to the department's new offices in the senate chambers.

MISS MABEL DE JARLAIS, secretary to the U. S. district attorney, left in the steamer Sierra at noon today for the mainland. She will visit the exposition and then go to Nevada, and will return to Honolulu in about two months.

SHERIFF ROSE was at the meeting of the board of supervisors last night as he had promised, but he failed to produce the material witness on the issue he had urged that the supervisors hear at that meeting. Rose explained that the witness is a sailor and became frightened at the last moment and refused to testify.

A. C. WHEELER, acting superintendent of public works, leaves on the Mauna Kea this afternoon for Hilo where he will inspect Kuluho wharf and the Homestead road work in that vicinity. He expects to return Tuesday. An engineer from the department will go to Maui to work on the homestead roads there on Monday.

CHEVALIER DI ROCCIA, conductor of the orchestra of the Bevan Grand Opera Company, yesterday received a visit from several members of the Royal Hawaiian band at his cottage at the Royal Hawaiian hotel. All avowed themselves ardent supporters of his candidacy for the position of leader of the band. The chevalier did not go to the mainland with the rest of the company.

GEORGE A. O'BRIEN, special representative of the financial and foreign departments of Wells-Fargo & Company, with headquarters at San Francisco, is now on a business trip to Hawaii, having arrived on the Sierra. From here he will go to Japan, China and the Philippines and probably also to Vladivostok. Mr. O'Brien is one of the "live wires" of the big express company. This is his first visit to Hawaii and he likes the islands very much.

GLENN JACKSON, physical director of the Y. M. C. A., will leave Honolulu June 16 for a two-month visit on the mainland. "Jack" expects to accomplish two important things. During the first month he will study new work in the physical department, especially swimming pool management, at the summer camp of the Y. M. C. A. at Lake Geneva, Wis. Then he will be married to Miss Vesta Wilson of Sumner, Ia. The Jacksons will make their home in Manoa upon their arrival in Honolulu August 17.

LITTLE INTERVIEWS

—CHARLES A. COTTRILL: I intend to come back to Honolulu for two reasons—first, because I like Hawaii—it's the best place on earth—and second, because I hope to be able to do some good here. This is my first vacation in four years and I'm going to visit New York, Washington, Boston, Chicago and of course around my old home in Ohio.

Webster, president of Kamehameha, will return to Honolulu from a business trip East. It is believed, however, that he will be in the city before the middle of the month. Mr. Webster's mission East was to secure new principals for the Kamehameha manual school and the Kamehameha girls' school.

"Honolulu and the Hawaiian Islands generally have no complaint to make regarding business depression," said George A. Butz, associate manager of the Pleasanton hotel at Honolulu, at the New Washington yesterday. "The high price of sugar has, of course, been a big help in keeping up good times, as that is our main industry." According to Mr. Butz, a big tourist travel to the islands is expected this summer as a result of the war in Europe. His present visit to the Coast is for the purpose of getting some idea of what may be expected in the way of travel this year. He is en route to San Francisco, where, after a stop of a few days, he will return to Honolulu.

PORTUGUESE NEED MONEY FOR NEW PARISH BUILDING

House Would Benefit Work of Branch, Is Report Made to Board of Missions

The following report, which outlines the work of the Portuguese branch of the Woman's Board of Missions of the Pacific, was read at the annual meeting of the organization Tuesday.

"This year finds us busily engaged in devising ways and means for raising money to build a parish house which we consider will be of great benefit to our work. During the last two months we were preparing for a sale or Portuguese market place, and with the help of some of the ladies of this board the affair was quite a success and we realized \$203.55 from our sale of candy, cooked food, bread, flowers and plants, embroideries and other articles of needlework.

"We feel very grateful to Mrs. Philip Weaver and to Mrs. Erdman, who so generously gave us of their time and help, to Mrs. Westervelt, who has charge of the musical program, to other ladies for their advice and financial donations, and to every one who helped us to realize such a good sum. We also feel a debt of gratitude to Mrs. John Carreiro, the president of our Ladies' Missionary Society, for the way in which she worked early and late planning, soliciting, cooking and directing everything.

"Our Sunday school has grown so that we feel the need of larger quarters, and we realize that if we wish to retain our young people we must give them some social pleasures and a place for such affairs must be provided, hence the idea of a parish house.

"There has been little or no change in the carrying on of our work. Mrs. Tranquada continues in her mission of love, taking spiritual and temporal blessing where it is most needed, and finds much to encourage her, although her heart often fails her when she comes into contact with so much that is heart-rending. In some instances she finds the man of the house sick, unable to provide for the temporal needs of his family. Then again it is the mother who is ill and ought to go to the hospital; but how can she leave a family of five or six little ones with no one to take care of them? Such a case has just been brought to us—a mother of seven children in such a pitiful condition, who must either go to the hospital or in time be unable to walk—but how can she leave her children uncared for?

"During this year Mrs. Tranquada

"Many new persons have been present at our church services during this last year and all listen attentively to the gospel truths which are presented simply and clearly Sunday after Sunday. That the Holy Spirit may help them to understand and accept the message of free salvation is our earnest prayer.

"The pastor has gone to Kahuku several times to hold services in the home of a man who first heard the gospel from another who attended our church while living in Honolulu. This man has realized that God's word is truth, and consequently there has been a great change in his life and he regrets that so many years of his life have been mispent. He loves the word and is now trying to live in accordance with it despite the jeers of some of his neighbors and former friends. In his letters to the pastor he always writes him to come to his house and instruct him in the way of eternal life. We would rejoice to see many seeking the way of salvation, leaving their old superstitions and following Him who said, 'I am the way, the truth and the life; no man cometh unto the Father but by Me.'"

PITTSBURGH PERFECT
The most distinctive and economical FENCE

Look beyond the purchase price when you buy wire fencing.

A fence you get at a cheap price is bound to be a cheap fence clear through—poor and unsatisfactory in service, soon to rust, sag, break and fall away, an expensive failure.

"Pittsburgh Perfect" Fences are the most economical you can buy because they are the most adaptable and adjustable to all fencing conditions and requirements of the farm. They are the strongest and most durable because Open Hearth wire—like old time iron wire—heavily galvanized with pure zinc, is used exclusively in their manufacture, and is ELECTRICAL- LY WELDED at every touching point in the fabric, producing practically a one piece fence. They are the most distinctive because of their construction, and enhance the appearance and increase the actual value of a farm by perfectly serving their particular purpose and permitting scientific crop rotation.

Wire fence economy means more than first cost price. It means a full and efficient service—an elimination of time, energy and money spent in endless repairs; it means an investment that pays big dividends by increasing farm production through better farm equipment.
